

# ATTENTION

## New Parents

Are you interested in the research of infant development? The University of South Carolina is inviting you and your newborn to take part in a research study involving the development of attention in infants between the ages of 3 months and 4 years. You can earn up to \$100 for participating!

Interested parents can contact Michael Stevens at **stevenml@mailbox.sc.edu** or **(803) 777-3293**.
